Orcutt, CA, August 28, 2009 – **Insight Management Update on Financial Reports**

Insight Management Corporation (OTC BB: ISIME), an oil and gas technology and service provider, announced that it continues to make progress with its quarterly filing for the period ended June 30, 2009. The company intends to make public its consolidated results prior to the end of the FINRA grace period of September 21, 2009. Once the filing has been made public, the symbol will revert back to ISIM. Results for the period 1Q09 were filed on time, while 2Q09 results have been delayed due to the complexities of consolidating financial statements for three companies (the public holding company and two operating entities), and the engagement of new auditors.

About Insight Management Corporation

Insight Management Corporation (ISIM) is a public holding company whose core business is focused in the oil and gas industry. The company has a strategic plan for growth through acquisition and functions from the perspective of an engineering firm. This is the nucleolus that directs what acquisitions are made and creates strategic alliances, develops proprietary technology and patents that bring the expertise and ultimately creates the real value for Insight Management. The Company expects to retain the strong management teams in each business unit, capitalizing on their local knowledge of competitors and operating climate, along with their loyal customer relationships.

This Press Release may contain certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. ISIM has tried, whenever possible, to identify these forward-looking statements using words such as "anticipates", "believes", "estimates", "expects", "plans", "intends", "potential" and similar expressions. These statements reflect the ISIM's current beliefs and are based upon information currently available to it.

Accordingly, such forward looking statements involve known and unknown risks, uncertainties and other factors which could cause the ISIM's actual results, performance or achievements to differ materially from those expressed in or implied by such statements. ISIM undertakes no obligation to update or advise in the event of any change, addition or alteration to the information catered in this Press Release including such forward-looking statements.
