Insight Management Reports on Revenue, Profitable Oil & Gas Subsidiary, Acquisitions and Strategy for Continued Growth

Orcutt, CA – December 07, 2009 – Insight Management Corporation (OTCBB: ISIM) is pleased to provide shareholders with an update on the company's ongoing revenue, profitable oil and gas field services business, acquisitions and growth strategy. Insight Management acquires oil and gas services companies with substantial revenues, profitable operations, established customers and proven management teams.

Insight Management acquired Rebel Testing, Inc. of Gillette, Wyoming in June 2009. Rebel Testing is an expertly managed regional oil and gas field services company with a long roster of established customers and an eighteen year history of profitable operations. The wholly owned subsidiary provides pump hoist services in the greater Powder River Basin and blow out prevention services for customers in Colorado, Wyoming and Utah.

Insight Management subsidiary Rebel Testing recorded revenue of \$588,903 for the three months ended September 30, 2009. The company's Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) more than doubled during the third quarter to \$214,505, an increase of 131% compared to the second quarter of 2009.

Insight Management is targeting other well-run oil and gas services companies for acquisition. The company is focused on identifying undervalued companies with seasoned management, ongoing revenue, profitable operations and established market share.

Insight Management subsidiary Eco Fossil Fuels was formed for the development of environmentally responsible technology for the energy sector. Eco Fossil Fuels will work to acquire and develop innovative technologies and techniques that enable operators to increase oil and gas extraction while minimizing environmental impact.

President and CEO Jennifer Rapacki commented: "We are extremely pleased with Insight Management's progress this year. We have acquired a strong, growing oil and gas services business that increased revenue and turned a healthy profit in spite of the economic downturn. To build on this growth and continue to increase value for shareholders we are working to strengthen the operations of our subsidiary and acquire other profitable drilling and well servicing companies in 2010."

About Insight Management Corporation (OTCBB: ISIM)

Insight Management Corporation (ISIM) is a public holding company whose core business is focused in the oil and gas industry. The company has a strategic plan for growth through acquisition and functions from the perspective of an engineering firm. This is the nucleolus that directs what acquisitions are made and creates strategic alliances, develops proprietary technology and patents that bring the expertise and ultimately creates the real value for Insight Management. The company expects to retain the strong management teams in each business unit, capitalizing on their local knowledge of competitors and operating climate, along with their loyal customer relationships.

About Rebel Testing, Inc.
